

House for sale Bampton, Devon - £355,000

One project that has been a labour of love for the past 2 years has been Kate's own home. Once a derelict cottage and cider barn, Kate has spent the past two years creatively renovating it into a beautiful family home in the idilic village of Bampton, North Devon. On the edge of Exmoor National park, Bampton is a pretty thriving village, with local shops and a welcoming family pub.

An expanding business and family has meant a move is now on the cards, so her family home is now on the market.

'The Pund House', is a 3 bedroomed family home, with garden and outdoor studio. Fully renovated with oak floors, handmade doors, stunning double height living room and master bedroom, 2 family bathrooms and 2 wood burning stoves.
